

# Clean Plus Formula II

## Designed For Heavy Industrial Uses

Good for auto and heavy equipment mechanics, factory workers, painters, farmers, welders, body shop mechanics, tire shop mechanics, maintenance workers – yet gentle enough for use in the office or at home. Formula II cleans away oil, grease, ground-in-grime, paint, asphalt, printers ink, copier toner, carbon and graphite, tar, shellac, wood stains, mastics and adhesives, resins, putty and caulking, and many more stubborn soils. The finest high-performance emulsifiers have been used in Formula II Hand Cleaner to penetrate and lift away stubborn grime from the skin safely and effectively. Also, try it on other surfaces where you need high performance cleaning power.
